**Re: The Verge
Extension of Time for SUP 8814**

To Whom It May Concern,

Please let this letter serve as justification for filing an Extension of Time application for the Special Use Permit (SUP 8814) previously approved for the above referenced site. This project is still moving forward; the Civil Improvement Plans are on mylar and will be approved shortly. The Final Map has been re-submitted to Survey for final approval to go to mylar. This application should not have any negative effects on the site or surrounding community.

Should you have any questions or concerns, please feel free to contact me at this office.

Sincerely,
Baughman & Turner, Inc.
